Insights

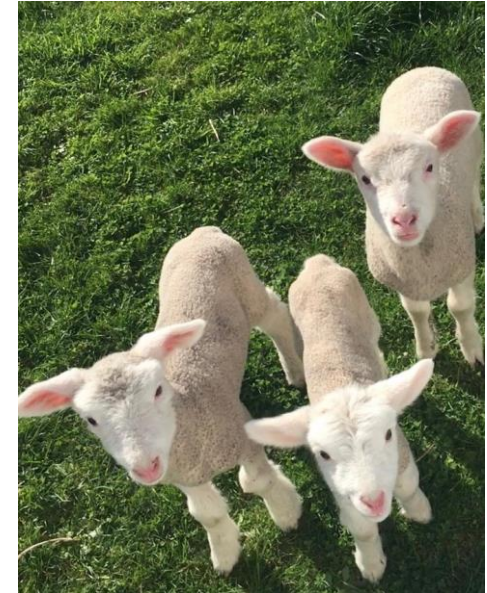

- Doing something differently is ok.
- Ask questions and think outside the box.
- Finding the right fit is valuable.
- Succession planning and communication is important in any family operation.
- Utilise the experience and expertise of others.

What's next?

- Continue to build livestock numbers and carrying capacity.
- Increase tree plantings.
- Additional training and education.

Top three take home messages

1. Continual learning.
2. Always ask questions.
3. Plan and prepare but also be open to changes/opportunities.

Tools, resources & training

- Lifetime Ewe Management
- Pasture management courses
- Field days, seminars and farmer discussion groups
- Planning, measuring and monitoring
